Multicultural Care in European Intensive Care Units

An e-learning opportunity for critical care nurses

The Course

The Erasmus+ project **Multicultural Care in European Intensive Care units, MICE-ICU (2016-2018)** resulted in a specialized and accredited e-learning course on multicultural care dedicated to nurses working in intensive care environments. It will offer real, interactive e-learning. The syllabus and the course is endorsed by the European federation of Critical Care Nurses associations (EfCCNa).

Content

- Entry test of knowledge
- **MODULE I:** Cultural awareness and sensitivity
- **MODULE II:** Culturally diverse patients in health care environment
- **MODULE III:** Specifics when caring for culturally diverse patients on ICU wards
- Ending test of knowledge

The e-learning course is available on the MICE-ICU website www.mice-icu.eu

Course Content Overview

- + Philosophical, ethical, legal and professional basis justifying non-discrimination principle regarding culturally diverse Patients
- + Explanation and differentiation of concepts: culture and ethnic minority
- + Differences in cultures in approach to health and sickness
- + Patterns of interpersonal communication
- + Spiritual and religious expectations/ practices
- + Intercultural care in specific boundary situations on ICU

This course is a result of the MICE-ICU project, developed under Erasmus + program
