

Third European Conference of Nursing Students

The challenges of modern nursing in the context of the health and social needs of the society

Lublin, 20-23th April, 2015

The Idea of the Conference

The conference was initiated in the year 2012 by Nursing School in Goslar, Germany where the 1st European Nursing Students' Meeting took place. The second Conference took place in Lincoln, England. The idea of annual meetings is to establish a strong network of nursing students, exchange experiences and good practices and also build a base for future fruitful collaboration in the field of nursing.

This conference is aimed at presenting students' perspective of the challenges of modern nursing in the context of health and social needs of the society, especially in the light of aging population. That is why, as a part of the program of the first day of the conference, participants from each country will present: (1) system of care for the elderly in their country and nursing professional activity in this regard; (2) education in the scope of elderly nursing in their country.

During workshops we are also planning to prepare short film promoting nursing in Europe.

The language of the conference is English. Translation is not planned.

Invitation

The Authorities of the Medical University of Lublin: Vice-Rector for International Relations and Postgraduate Education- dr hab. n. med. Hanna Trębacz, Vice-Rector for Educational Affairs- dr hab. n. med. Barbara Jodłowska-Jędrych, Dean of the Faculty of Health Sciences- prof. dr hab. n. med. Irena Wrońska and Faculty Staff together with Nursing Students community invite you to the 3rd European Conference of Nursing Students.
